Agenda designed to inform Zoning

1. MSP Update

- Current and possible future activities

2. Advice Log

- Advice received and incorporated into MSP process

3. Roundtable

- Updates and information to consider for zoning

4. Draft Zoning Proposal

- Zoning process and a draft zoning scheme

5. Compatibility Matrix

- A tool used for planning and zoning

Agenda designed to inform Zoning

6. Decision-support Tools

- How do we go from information/data to a zoning map?

7. Master List

- Need consistent descriptions

8. Zoning Review: Objectives

- Before looking at data, what are the zones for?

9. Compatibility Matrix

- What are the conflicting activities?

10. Participatory Mapping

- Where are the conflicting activities? Where are the important places for uses and activities?

Workshop #2 Advice

The Nature Conservancy
Protecting nature. Preserving life.
