Zone B – *Marine Protected Area*

Zone C – *Infrastructure & Services*

Zone D – *Non-Renewable Development (Extraction)*

Zone E – *Multi-Use Zone: Tourism, Recreation, Culture*

# Questions for Break-out Groups

1. What are we zoning for? What are primary and secondary objectives?
2. What are we missing? What else matters in this zone?
3. How do national policies and regulations fit into this zone? What are some of the considerations?
4. What might happen here in the future?
